“ *Uncle Bruce, it still hasn't sunk in yet that you are no longer with us. I will always remember the good times we had whenever we were together either in Michigan or out here with us. I'd like to think that you and my dad are playing a round of golf right now! Lisa and I are both so thankful that we got to see you this past spring when we came out. We will never forget how generous you always were with our family and with everyone else. I hope that will get to see each other again sometime down the road. Always remember... 103... “ *Uncle Bruce,  
I pray that you know God's glory and his love. Now you are with Grandma and Grandpa again and at peace. You will be missed by all of us, but we will always remember you fondly and with great joy in our hearts.*

“ Bruce (John), Words can never tell how empty my heart is without you. You were always there to tell me what and how to do everything. I always knew that you were there anytime for me, and I for you. We shared a lot of happiness and grief in our lives, and we stood side by side. I hope you knew how much your nieces and nephews enjoyed the time they spent with you, and how much we all loved you. It gives me peace to know that now you are with Mom and Dad and our Grandmas and Grandpas, and I hope "Ma" is already giving you hell!(ha-ha)! I promise to always keep your spirit alive, and know that we will be together again one day. With all my love, your little sister, Suzi###imported-begin##Suzi (Bala) Druzynski###imported-end##
