“ Joe (Butch) was my uncle. Our family has so many wonderful memories, as he was present for every holiday, celebration, many vacations and dinners for more than 25 years. We loved him deeply and will miss him greatly. Attached are a few pics of better times. ❤️

Joe was a kind, gentle soul. Since welcoming him into our family, he was always a part of it; at every celebration and holiday. As our family ages, and we are losing members, it is more and more apparent how special ours was. We will miss you forever, "Uncle Butch".
