“ To the family of Joe Alsheimer...I worked with Joe for many years, both during my time as a young Production Supervisor, and thirteen years later as an Industrial Engineer for Chrysler at the Warren Truck facility. He was one of the kindest, gentlest, and most knowledgeable Facilities Engineers I had ever had the pleasure of knowing and working with. As I was growing up in my profession, he was always ready and willing to explain why and how things had to be done at the professional level. Over the years since he retired from Chrysler, I had never forgotten him...he taught me that one doesn't have to be a tyrant in order to be a success. He reminded me of my own father...honest, fun-loving, and someone with a great sense of humor. You truly had a treasure in Joe. God bless you all!##imported-begin##William A. Thomas##imported-end##

“ I bowled with Joe on the St. Issac's league some 25 or 30 years ago. I remember him telling me how the water pipes to the bathroom froze in the winter. Joe was a fine gentleman. May he rest in peace.##imported-begin##Joe Juresich##imported-end##
