“ *The first time I went into Grand Pacific Museum I was greeted by Judy. It wasn't open yet but she let me in and I was so excited, I had always wanted to go in that museum. She was so open and kind to me I became a member that day. When she was diagnosed with ALS she asked me to take her place on the Board and changed my life. I visited her regularly and had many long conversations. I am going to miss her soooo much.*
