“ *I met Kara online, after fighting with a mutual ex of ours. He was giving me all kinds of grief and she offered to call and talk to me about it. So, I gave her my number and after that talk, I instantly fell in love with her. I looked forward to receiving texts from her, even if they had the most random thing in them. We had our ups and downs, more ups than anything, and drifted apart for some odd reason... Before Kara, I didn't think that there could ever be someone as independent, opinionated, and not care about what other people thought of them, but she proved me wrong. I loved her with all my heart and cared so much about her. I send my condolences to her family and to the friends she got to see and spend time with.##imported-begin##Bre Wolfe##imported-end##*
