

## Kathleen Marie O'Neill

July 5, 1952 - December 28, 2022

Kathy M. O'Neill, born Kathleen Marie Morys on July 5, 1952, was the middle daughter of the late Stanley and Evelyn Morys and the younger sister of the late Carolyn (Bob) Zielinski. Kathy departed this earthly life on Wednesday, December 28, 2022, at the age of 70.

She was the loving and devoted mother of her two sons, Ryan and the late Jamie, a proud “grandmother” of Isaac and Elliana, and the loving aunt of Rob Zielinski, Kim (Erik) Wandrie. She is also survived by her nieces, nephews, cousins and many, many friends, who she considered to be her family, too.

As a dedicated elementary school teacher for 39 years, Kathy touched the lives of many students, parents, and fellow teachers. In the classroom, she gave her students much more than just an education. Through her love and kindness, she taught her students life lessons which they carry with them today.

Kathy was a role model for many people, especially her son Ryan. She taught us all about strength, love and how to overcome barriers. Her warm and infectious personality drew people to her. Her motto was I walk in faith, not in fear. Her faith was not only in God, but also in people and because of that she would bring out the best in people. Kathy's legacy and example will continue to live on through the many lives she touched for years to come.

“ My dearest Kathy, may you rest in peace. I will miss you very much!! We always had such GOOD times together. You were always very generous to whom'ever you came across. Many times it was with our Birthday Club giving us unexpected gifts. You were very thoughtful. I remember when Bob was ill after his heart attack you took the time to visit him and spend time with us both. I know there were many more occasions that you did these kind deeds. I love you Kathy ! God bless you and keep your son safe and give your family comfort. Sending love and hugs to heaven from both Bob and Michele

“ Kathy was a dear friend in the early years at Clintondale. We were both starting our teaching careers and we were close as families too. We lost touch when she went to Rochester Schools but I nod my head in all these beautiful accolades on her tribute page. Kathy was a master teacher, but so much more. She taught us all by her example how to navigate this thing we call life no matter what challenges we face. She will be missed by many but will be in heavenly peace.

“ In life we loved you dearly, in death we love you still. Grandma Kaffy's Halloween laugh, her love for us and her extra special "soft" hugs are what we hold dear. Her life gave us an abundance of memories too beautiful to forget. We will miss you here but we know you are with Jamie watching over us. Love you Grandma Kaffy

“ I feel so blessed to have known Kathy as both a colleague & dear friend. We shared many hours together during our teaching years. Wonderful memories during retirement- game nights, trips to Chicago, up north weekends- on and on. I will spend my life missing her. Love 💕 you Kathy.

“ I wasn't allowed to call her Kathy, I could only call her Mom....and she was like a mother to me. I met her shortly after meeting Ryan in March 2022, and she and I had an instant connection. She opened up her house and her heart to me and my dog Chico.

She made sure I was comfortable in her home and she always reassured me that it was my home too. She always made sure I was taken care of and she loved making my favorite new breakfast dish: Finnish pancakes. She made it for me the first time I visited her and after that, it would put a smile on her face when I ask for it.

Mom was such a wonderful person. Such a warm, kind and inviting soul with a great sense of humor. She put a smile on my face every time I saw her, talk to her or just received a text from her. I loved coming to visit her and making new memories. I'm lucky to have met her and to spend her last days in this world by her side.

*I love you and miss you Mom (Kathy)*

“ My dear loving precious friend. You will be so greatly missed. It is unbelievable you won't be with us. One thing that gives us a little peace is now you will be with Jamie again, your beautiful little boy. We have had many fun special memories that I will hold dear to our hearts.

Our deepest sympathy to Ryan who meant the world to Kathy. Your mom will be the best guardian Angels for you watching over you always.

“Mrs. O’Neill will always hold a special place in the hearts of the Harbins. She was a 5th grade teacher to my three children. I will always be grateful for the many ways she prepared them for middle school. As an educator she challenged them academically but also saw them has humans with the highest potential. She was always supportive and brought out the best in them. As an kindergarten educator myself she welcomed me into North Hill with open arms. Her open door policy, ability to listen and amazing hugs made me feel special. I will never forget the many laughs and fun times we had with our 5th grade buddies! Rest in peace Kathy we loved you.

“I had the good fortune of being Kathy's principal for 13 years at two different schools in Rochester. Without a doubt, she was one of the finest teachers I ever met. More than that, she was an incredible human being and friend. Kathy always underestimated her "academic" teaching effectiveness and, instead, emphasized the relationship aspect of teaching. The thing is, while she excelled at relationships with students, families, and staff, she was probably the best academic teacher as well. If you were a student in Kathy's class, you had the best of all worlds. You learned the "soft skills" lessons about empathy, acceptance, teamwork, kindness, compassion, integrity, honesty, hard work, etc. However, academically, you left her classroom being an incredible writer, reader, mathematician, and critical thinker. She was the best of the best. Kathy's legacy will live on forever!

“ Both of my kids had Kathy for their 5th grade teacher. She was so much more than teacher to her students. She truly cared about each and every child. I remember visiting the classroom at

Brewster at the start of the day. She would sing the national anthem and as she sang she walked around the room putting her arm around each student. The kids loved her! My kids and I visited her back in (about) 2018 at her home after losing touch with her for a few years. She remembered so many details about so many of the kids in each of the kids classes. We were blown away by her memory. My kids and I loved her and will miss her so much! She has touched the lives of so many people. Rest in peace dear Kathy.

“ From the moment I met her, Kathy felt like family. She was warm, approachable, and real. An excellent and interested listener, Kathy was always supportive and never judgmental. I will always remember her dry sense of humor and her quick wit, both of which she continued to share with us until a day or two before she made her transition. My life is better for having known Kathy and for having as my best friend her incredible son, Ryan, who is like his sweet mother in so many wonderful ways. 💜
