“ *Kathy was a dear friend and a wonderful person. I had the opportunity to meet Kathy and her Mom when we were neighbors on Beth Ann in Sterling Heights. We became good friends and I had the chance to recruit over to work at HFHHC and she was such a wonderful home health care nurse and advocate for her patients and later became an educator and wonderful teacher for many nurses joining the organization.*

Kathy and I had many fun night enjoying nights outs while neighbors and talking over the fence. My very young daughter used to read to Princess through the fence in the summer months and we enjoyed adult beverages while watching them.

Kathy enjoyed her family and all the traditions. I know she valued each one of you and all of the young nieces and nephews which now are probably all grown and have kids of their own. Kathy was taken from us much too early but will now be with her Mom and Dad and we will all have the memories and laughter over the memories she created with us!

“ Dear family, So sorry for your loss. Kathy was an Education Coordinator for Henry Ford Home Health Care. I was fortunate to have her on my team Clinical Services. Loved her sense of humor and best organized nurse ever. We laughed together and wept at times of difficulty and propped each other up. She always had good ideas. Once I sent her a note of encouragement and put in a tea bag to stop have a cup of tea. She sent me a note "I don't need a D-- Tea bag!" :) :) We later laughed together. Well Kathy "see you on the other side" "I'll bring the tea bags and we'll reminisce together" Fondly Jeanette Gronda retired Clinical Director HFHHC.

“ Kathy was a great nurse and co worker. May all the comfort she brought to so many patients be hers now. May she rest in eternal peace. Steve O.

“ Kathy was a role model for me as a preceptor for my skills in Home Health Care and also as an Education coordinator. When she worked with her own patients she was the most organized nurse that I had ever encountered. She had many complex wound care cases, and if you were a nurse covering one of her cases, there was never a doubt as to what was expected.

She loved a good joke, a thought provoking story and she was a great friend to me and all nurses who were learning how to be a Home Health Care nurse. She is one of the few people that I would call "a nurses, nurse". I am blessed to have known her and will always treasure our time together.
