“ We were just thinking why we haven't seen anything from Kathy on Facebook.  
We saw her and Ken in July at the lake.  
She was our lake mom and so much more.  
Ken was always doing something at the lake and we asked his advice on the lawn and garden stuff that he is so knowledgeable on.  
We're so sorry to hear this Ken and Michael.  
We wish we would've known when she passed.  
Great lady and she will be missed !

“ It is with the deepest sadness that I have heard of Mrs. Wysocki's passing. I only knew her as MOM. Growing up across the street from her, Brian, Greg and Mike and I probably gave her more stress than she deserved. Me and my sisters where always welcome in the house (which I am not sure we really even knocked to come in). I mostly hung out with Brain as we were the same age and was fortunate to have as my best man in my wedding. Our job after school was simple. Before we could either go outside and play or play Atari in her office we had to separate and pack the Tupperware that came in so it could be delivered. She also had a knack for making rum balls.....NEVER FORGET THE RUM BALLS.. always very strong. I remember learning to make them but the batches never made as many as she said we would end up with. Always blamed her for counting it out wrong as we staggered to the kitchen sink. She helped make my younger years fun and memorable. She will truly be missed.
