Beautiful in Blue - December 09, 2021 at 12:00 AM

“ Kelly was always such a beacon of light from my earliest memories. As a young child she was a joy to be around with her beautiful smile and quick retorts. She literally lit up a room with her contagious laugh. Kelly was the "original Punky Brewster" and waited eagerly for her Dad to come home from work each day to swim in the pool with him. This was the highlight of her summer evenings while growing up. Her Mom was her biggest supporter and Kelly appreciated all she did - especially when it came to helping with Scotty. She talked about how much she missed her sweet Mom until she took her last breathe. Kelly loved family dearly which is why she will be missed so deeply. I pray that she is at peace being reunited with her Mom. I will keep all who loved her in my prayers during this extremely difficult time - especially Scotty as I know how much they loved each other. Rest In Peace sweet Kelly. You will never be forgotten! ❤️❤️❤️

“Baby I miss you so much. I can't eat I can't sleep I can not do anything without you here. You were always so happy. Our family was always happy. You were such a great Mother. We were a great team we raised a great child together. A child that never went without anything. EVER! And I know that's the way you wanted it and we both did it as a team. From both of us crying when Scotty got on that bus to go to preschool and all the family outings we've done you were always so happy. I know you would get mad at me for working all the time to support us and I'm sorry baby. I'm sorry you were always in pain . But even through all that you were still the most loyal and best mother I've ever known. We worked our way from you being at the bottom and you calling me always being miserable to us having this beautiful home with everything we could ever need or want. You will truly be missed by anyone you've ever met. I lay with your big stuffed frog I got you that day we went out. I can still picture my face when you asked me to get this for you. It brings a smile to my face but that's how we were. I thank God that we've never fought, that I've never once called you any kind of bad name, that when I'd walk in the door from work the first thing I'd do is walk over to you and kiss you. And I'm going to miss that so much. But I know you would be happy right now the way things went. I know what you're family and I have done a great job with your last wishes. But we still had so long to be together baby and I'm going to continue to make you happy and continue with your wishes. Conner misses you so much he knows mom's not here to pick up everything he knocks over up. And Scotty will still never go without anything baby I swear that I will still be there everyday for him like I was when you were here. We both raised such a smart and well mannered boy. I could close my eyes and see the smile on your face every time someone would tell us that he's such a polite boy and how much everyone loved him. We were together 7 years since Scotty was 4. God baby he's 11 now and huge. I always remember you telling me that's going to be our left tackle. You/ We would make sure he would always make it to all his appointments that he always got what he wanted. But your such a great Mother that you would make sure he got whatever it was. I'm going to miss

you so much Kelly. And I know you're up there in heaven telling me to stop rambling but I can't as these tears go down my face I just look around and I see what we've got compared to where we came from with just both of us working hard and always making sure Scotty got anything he ever wanted. I love you so much Kelly Mok. You will truly be missed by everyone you've ever touched or talked to.

“ Kelly was my first love and the mother of my child. Although we didn't work out in the end we were still very close friends that talked a lot. She loved our son with everything she had. She was the best mom in this world and Scotty jr. Was and is her whole world. It saddens me to hear about this kelly was a vibrant person with lots of love and happiness. She was usually always smiling and very funny herself. I will miss you kelly kelz but most of all our son will miss you. I love you hunny and I'm truly devastated to see you go. You will be remembered by not only myself but the many many lives you have touched. Ready easy angel.

“ I have so many wonderful memories growing up with Kelly. We had so much fun when we were little girls playing dolls, swimming, riding bikes and occasionally getting into trouble. I will cherish all the memories and good times we had together. She was a wonderful mother, daughter, sister and friend and will be missed by so many.
