“ *Grandpa,
My heart hurts for our family but I know you are now at peace. You had a wonderful life and fought hard in the end-I loved our talks on my drive home from work-listening to you crack me up about talking about "breaking out of that joint". I will never forget when we face timed and you were on the toilet LOL that made me laugh so hard! I loved listening to you answer the home phone pretending to speak polish and making the telemarketers never want to call again. You had the most infectious smile...you were an amazing man and no matter what anyone says I will never let them tell me I shouldn't drive with my knee (tee hee). I love you so much. Dance with grandma and tell her I love her....give my dad a hug too and any of my other angels up there. Xxoo*
