“ KEN Pleasant memories surface when I think of you. My first recollection is of the ear to ear smile on your face the day that you married Audrey. You easily stepped up to the plate for our precious Jason, the first of his generation. You brought Holly and Erik into our family. They are "the gift that keeps on giving" with their spouses, fiancé, children, and grandchildren. I recall you standing tall, and at ease, at family parties, beverage in hand; joyfully engaging with those around you. You always took the time to shoot the breeze with Uncle David and me. I remember the pleasant dinner you treated us to when you and Audrey stayed at our home in Toronto. There are many more gems in the treasure chest of my heart for you that will never fade away.

“ Kenneth was one of the finest persons I ever met and I enjoyed working with him at The Ford Chesterfield plant for several years. I was just thinking about Him and Audrey a day or so before I read on face book about his passing. May He rest in ever lasting peace and may all his family and friends find peace and comfort in Jesus's holy name.

“ Ken and Audrey have been our dearest friends for over 30 years. They both are the sweetest, kindest and most loving people we have ever known. We enjoyed the many times we would ride our Goldwing motor cycles traveling throughout the country side. Also, since we only live 2 miles from each other we would often have them over to play Chicken Foot. Their grandson Austin, would also join us. He and grandpa would often win and laugh together like crazy. Ken and my husband Rich Phariss also spent time driving cars for Russ Milne Ford. We will miss Ken and his many acts of overwhelming kindness. He was truly an amazing wonderful, husband, father, grandfather and friend. We will carry our love of Ken in our hearts forever.

“ This past year Audrey and I have played yahtzee over the phone to share time together. Ken would often say hi from the background and even engage me in conversation for a few minutes. This always made me feel loved. I've always looked up to Ken and will miss him dearly. Brian

“ Throughout my lifetime, my grandfather was the greatest person to ever enter my life. In fact the very first memory I can think of, the day my little brother was born, he was standing right next to me in the hallway of the hospital. I always cherished every moment I've ever spent with him and my grandma Audrey. He taught me so much, yet it feels like there was so much left to learn. I will forever remember everything you have ever taught me and I hold you very close to my heart forever and always. You have taught me how to love people and how to take care of my loved ones, and for that I am forever grateful. I will always hold the memories we share very close to my heart. Indeed, you were the greatest role model a young man could ask for. I aspire to be half the man you once were. Until I see you again grandpa.
