“ I worked with Len for 30 years. There couldn't be a better boss and co-worker. He knew how to organize the work to get everything done efficiently and done right. I hadn't seen him for almost 20 years, but still think of him often. God Bless.

“ Len was truly one of my modern day heroes. He hired me as a 22 year old kid into the GM Research Laboratories almost 25 years ago, and today, I now hold the comparable supervisory position that he held when he hired me all those years ago. I (to this day) try to emulate his management style throughout my daily routine. I remember his great sense of humor and genuine friendship and combined with his vast knowledge, he was truly someone I admired and will miss. God bless you Len, and your family is in my prayers.###imported-begin###Christopher Budzyn###imported-end###

“ I am very sorry to hear of Leonard's passing. I have only known Leonard for a little more than a year. He was truly a nice man. I enjoyed having dinner with him and our conversations on everything from cars to the economy. A very intelligent man. He will be missed. I will not be able to attend Tuesday's service, but my thoughts and prayers will be with him and the family.###imported-begin###LEE SANDERS###imported-end###

“ Our deepest sympathy Len was a beloved friend as well as a trusted mentor. We will miss him very much as well as his enthusiasm for life. I know it will be hard to find another friend like him both Deb and will have Len in our prayers. I am out of town and will not be able to attend the services but will try and make contact with the family when I return to the Detroit area on August 10.

*With deepest Sympathy Love & Respect*
