“Lori, I can't even begin to tell you how much I miss you! This is all still so un-real to me and I am going to be in denial for a long time, just waiting for that phone call from you! Lori, you don't realize how many people's hearts you touched and how truly loved you really were.. You are a beautiful woman, loving sister and aunt and it will never be the same without you! You are in good hands now with the rest of our family and friends as our angel watching over us and keeping us safe.. I will never forget the fun times we shared and will always hold you memories very close to my heart! RIP Lori Ann, We will Love and Miss You Always and Forever!! XOXOXOXO

“Lori, you were my cousin, my best friend and like a sister.. I miss you so much already. You had a heart of gold but unfortunately the medicine took over your life and now I am left without you.. I have shared so many secrets with you that no one else knows. Who will I share them with. You always said you didn't have friends anymore well you have hurt and touched many people and now we are all hurting. You were loved more than you allowed people to love you.. RIP and kiss Papa, Grandma, Dad and Aunt JoAnn for me.. I love you with everything.. I wasn't suppose to be doing all these arrangements with Steven at such a young age. You are now an addition to my angel list.. Love your friend and Cousin
