“ The one thing I took for granted was time, I always thought I would have so much more time with you and to watch Addie grow to know the Pops that I was so thankful to have. I still look behind Grandma waiting to see you there, or for you to answer the phone with your "how goes it?". Today I finished all those chocolates I always made sure were here for you, that candy bowl will never be the same. I am forever thankful for how happy you made Mimi, you two together are one of my favorite things to see and I will cherish every memory. Love you to the moon and back, until we see each other again 💜

“ To the man I was blessed and honored to call Pop's! You were such an important part of my life and my family's life and I am so grateful for that. From cooking at our family fish fry's, to coming and helping out at one of our latest adventures, I could always count on you! I am soo going to miss seeing your smile especially at Mom, you made her so happy and loved which made my heart full! I thank God everyday for putting the two of you together because it put you in my life as well. Thank you for all of the wonderful memories and trips, both of which have moments that will be in my heart forever! Thank you for keeping a cool head in tight and stress full situations, sliding down a mountain always comes to mind! lol I could go on and on, but too many tears are making it hard to. I know you told me not to cry, but I miss you! So, until we meet again, know that you are always in my thoughts and heart. You were and always will be...
THE BEST! Love you BUNCHES! Kelley

“ I will be forever grateful to Lou for the love he has shown my mother over the last thirty five years. His limitless kindness, generosity and thoughtfulness will never be forgotten. Lou was always thinking of others and how he could help them while never expecting anything in return. I will never forget his visits to North Carolina. He would go around the house and fix all the things that needed repair without me even having to ask. Lou had a way for making things better for the people around him. He will be forever in all of our hearts, minds and prayers. My heart goes out to his family and those who loved him. Love to all, Michele

“ If you were to look in the dictionary under "True Gentleman " there would be a picture of Louie! 😊 He always had a smile, he always had good things to say and he always made you feel welcome! I would stop over, he would stop what he was doing and invite you in. We would have a beer, solve all the problems in the neighborhood, then laugh about it! He will truly be missed! 😭😭. Tom & Moe

“ I so love this man.....my dad. I've lived away for most of my adult life, and him not being a computer or FT guy we connected a lot by phone. I loved his frequent calls and messages left. I will truly miss them, but I can listen to his voice on the messages and pretend for just a few minutes....."Hi Kath, it's just me. Just calling to see how you're doing" I love you and miss you dad ❤️ Kathy

“ Here is one of my favorite photos of my Dad, a casual winter walk down his road. I can't seem to get my head wrapped that he has passed. I will miss his quick and sweet phone calls. A rainy day like today would have brought a call from him or from me. Dad I so miss YOU. Love YOU so so much Dad.....your daughter Amy.

“ When you came into my life, little did I know I'd met not only my future husband, but my best friend. You have shown me time and again how good life can be when it's lived in true friendship and love. You have been the greatest, hardworking, caring and helping man, not expecting anything in return. And for that, I'm grateful. I love you very much, will miss your hugs. Love, Pat
