“ So sad when he takes a loved one so early on in life. Your sister was a very special person. Lots of memories of her running thru the house as a child. God bless all of you!##imported-begin##Larry Lyle##imported-end##

“ To Lynn's family, Lynn and Nancy were one of my first customers when I started my cleaning business. They were more than customers, they were dear friends. I miss them both more than I can say.

“ Dear Suzie and cousins.  
I wish we had been closer in distance and could have spent more time together over the years. You all have always been close to my heart, and the memories of our childhood together-- in Philly, at Wildwood, on the Island -- are the happiest summers I ever had and I will cherish them forever. So even though we're apart, my thoughts and prayers are with you at this sad time. Please let's stay in touch.  
Love, Diane##imported-begin##Diane##imported-end##

“ *Dear Suzie and my other cousins,  
Even though we may be far away from each other, please know that  
I offer my deepest sympathy.  
We all can remember the days and times we spent together, here in  
Philadelphia, when you visited Grandmom Jacoby and Aunt Joyce  
and we were all together for happy times.  
Keeping all of you in my prayers. Linda##imported-begin##Linda
