It will always break our hearts, but this best way I could think to honor Margaret was to see her beautiful children and loving husband, as well as her mom/dad and sisters. I did not introduce myself to everyone, but now when her words come back to me, I can hold in my mind what was dear to her. We had great memories together, love Pam

“ I am so very sorry to hear of Margaret’s passing. I remember the love and devotion she had for her children when they were at Wilkerson. She would come into Megan’s 5th grade class to help with Math workshop. Her smile and kindness always made my day. My thoughts and prayers are with Joe, Megan, and John.

My dear Margaret I miss you and love you so much - we always had great time when we could get together - I remember the Christmas visit one year - we did the whole Santa thing - we put out cookies and milk - Megan & Joe went to bed - we had this big crack in our driveway - Margaret said - when the kids wake up we can tell them that Santa came down so hard with his sled he broke the driveway - she could think of fun things - she is my niece and my favorite - love her smile and loving personality - I miss her so much - John, Megan and Joe had the best wife and mother - loved her so and love John, Megan and Joe also

I am deeply saddened to hear of the passing of my friend Margaret. She was one of the most caring, good hearted and giving people. I knew her best from our days as neighbours at Michigan State. Though we are the same age, she was motherly to me and several of my friends, we all loved the cookies she would bake for us. Several years ago, we reconnected and I had the pleasure of meeting her wonderful family on several occasions. I will miss her.

Whenever I saw Margaret, she was always laughing, smiling, and joking; she brought joy to everyone wherever she went. She will be truly missed. I am sure she is in heaven baking cookies with Grandma B and cracking jokes with Uncle John.

I am sorry to hear of Margaret's passing. Although I have not seen her in years, I have fond memories of working with her at EDS. Her smile and laugh were contagious. Our daughters were born about the same time and we had fun play dates when they were very young. My condolences to her family.
