“ *Caring. True to life. Generous. Maria was a second grandmother to me at St. Mark. When I met her she and I immediately became friends.*

Maria shared her stories of escaping Nazi occupation in Poland and her rescue by American GI's. Her endless participation at parish functions enabled others to enjoy her smile and European hospitality. And of course, there were her delicious, homemade tortes. We were fortunate to have enjoyed several as each one was prepared with the utmost care and precision.

Maria, your loving spirit and cheerful attitude will be forever missed but never forgotten.

Thank you for being part of our lives and our family. We love you.
