Tribute Wall

“ Although I had little contact with Aunt Marie, I still have fond memories of her. She was a pleasant and wonderful woman. I will miss her and only wish that I had gone to see her more often than I did. My sympathies to the family.##imported-begin##Mark Gregory##imported-end##

“ Joyce & Dib, as we all know I had quite a different relationship with Marie then you did. I enjoyed her tales of the good old days, we laughed a lot and shed a few tears together. I could not have asked for a better mother in law. I truly missed the dinners that I would have with her before she moved away. I found out again in my life, that we should never take another person for granted, sometimes they are gone before we know it. The good thing is, it does bring the whole family together, with everyone's busy schedules,it's so hard to do, and that I know Marie would like, she always enjoyed being surrounded by her family.##imported-begin##Kathy Hankins##imported-end##

“ I love you so much, Grandma! I will forever remember all the joy and love you brought into my life. You were a king, caring, loving and compassionate woman who always placed others before yourself. You have shared so many fond memories with me that I cherish now and always. I thank you so much for making me a better individual with your grace and beauty. You have given me such great advice throughout all the years, and I truly appreciate it! I am so proud to be your granddaughter and I miss you so much. May God bless and take care of you always. Love, your granddaughter Lisa Ann Smerecki (Hankins)##imported-begin##Lisa Smerecki##imported-end##
