“ Our most sincere sympathy goes out to all the Cassettes who will share in the loss of my uncle Mario. I have so many memories of him throughout the years ... our family made many trips to Detroit for the weddings of our older cousins, and on one occasion we stayed at my uncle's house. I remember how wonderful that trip was. I will always remember my uncle Mario as gentle, loving, and warm. It is the same way I remember his mother, my grandma. And now they are together.

*Zio Mario, tuo familia sempre noi ti amiamo.*

Love,

“ *My deepest sympathy to the Cassette family for the loss of Mario. I worked with Mario at the Ford Sterling Plant from 1973 til he retired. A gentler kinder man would be hard to find. His smile and kind words were his greatest asset. He was always a pleasure to work with. As an engineer I was asked many times to verify the quality of parts that were produced. In the 70's all the inspection was done by hand; scales, calipers, verniers, pencil and paper, etc. NO COMPUTERS. Mario was one of the "best". So deliberate and accurate. His work was unquestionable. My fondest memories of Mario, was "Morra", He was one of the best and so competitive. So much fun to play him and watch him play. As I write this a tear wells up in my eye.*

*I knew a good honorable man. He touched my life in a positive way. May his soul and the souls of all the faithful departed rest in peace. Amen*
