“ To each of you in the family I extend my heartfelt sympathy to all of you. Marion was just a delight to be around and I somewhat shared a room with her at Wellbridge. I have had her on my mind ever since I left there and have continued to pray for her. I only wish I had left my phone number with one of you. I want to thank all of you for being so nice to me and introducing yourselves to me and trying to help me when I wasn't feeling good and needed help. Again you have my deepest sympathy.

Eva, Thank you very much for your kind words. Even though we only known for a short period of time, I believe that you two were brought together for a reason. We thought we wanted my mom to have a private room. Then we met you as her roommate and you were so nice, that we changed our mind. I was so happy and relieved to know that you were watching out for her when her memory was slipping. The day that you were discharged from Wellbridge is the day that my mom died. I have thought of you from time to time when I think of my mom at the nursing home. I hope you are feeling better and thank you from the bottom of our hearts for all that you did. Terri
