“ *Mark was my first friend. Growing up on Carlisle with Mark was never boring. We would ride our bikes for hours on end just looking for something we could jump. We rode hundreds of miles on those bikes from early morning till the street lights came on. Simple times with my best friend. So many funny memories from your flying bologna sandwich on your skateboard to that failed bike trick we were recording you shouted, “erase that part” before you were even untangled from your bike. I’m gonna miss you Mark and I will always remember our friendship. Rest easy Mark.*

*“ I know I always gave you a hard time but I’ll miss your white Tee’s, your disgustingly thick coffee in a thermos, and even your Westerns and Texas hold em’ stories! There are so many reasons we asked you to be our sons Godfather... while your original cowboy status was not one of them lol, your lifelong commitment to friendship was sure at the top of the long list! You’ll be missed dear friend!*

*My deepest sympathies,  
Vanessa (formerly Elizando)*
