“ *We only met Mark a couple of times but each time he treated you like a life-long friend. You could tell what a great person he was by the way he interacted with family and friends. Reading some of the other comments and memories, you can see how special he was. Our thought and prayers go out to his family and friends. You will be greatly miss Mark.*

“ Once I graduated High School and was in limbo waiting to go into the USAF, Uncle Mark let me hang with him for a few months so I could figure out how to move on in my life. He was the shoulder I needed to lean on, gave me the wisdom to make hard decisions, and always brought levity to any situation so I was able to learn from my mistakes and laugh about them later! We shared some of the greatest memories in my life! My first concert with my cousin Janice and Uncle Mark, my first Jungle Juice party in a Toga with Uncle Mark, my brothers and Dawn! My first Earnest and Vern film festival full of laughs until dawn with Uncle Mark, David, Brian and Dawn after Bruce’s wedding. I can go on and on and on, but some memories are best left unshared. You will be missed and loved always! Your Niece, Suzy! XOXO

“ Mark will always hold a special place in our hearts. One day we were talking about music we both enjoyed and the next time we were together Mark had made us about 15 CDs of the artists we had been talking about. It was such a kind thing to do, and was so unexpected. That was Mark; kind and unassuming. We enjoyed his company and he will be missed. With our love to Darci and the rest of his wonderful family, Jack and Beverley Ortman

“ *Uncle Mark took Susan and me to our first concert. It was Journey at Cobo Hall. We had a great time and he lets sip his beer. That’s when I discovered I don’t like beer. I remember him giving us rides in his purple van with the shag carpet. He was fun to be around.*
