“ Grandma,

I am going to miss you so much. You were always there to talk to regardless of what it was about. You never judged me for what I did or who I was. You always wanted me to stay longer even if I was there all day.

I remember running around your house in the fluffy white robe while mom and dad were at work. Taking the bus to the mall for the day to shop and do lunch.

Thank you for being there for me. Thank you for loving me. Thank you for being my Grandma. I could have asked for anyone better.

*Love always and forever. See you in my heart and dreams.

“ *Granny was always one to say it like it is, never holding back.*

Some of the greatest memories were my Saturday morning cartoons, coffee and nutty donuts. You were always there for me when I needed you most and never letting me down.

When I was told you passed, I didn't shed a tear. I knew you were in no pain and now could watch over all us without worry.

Given the years I spent with you and dad my memories of you will be filled with a smile. You will be missed by each of us, but I'm sure when we have our conversations about you we'll laugh and smile.

I'm grateful you were able to see not only your children, grandchildren, but your greatgrandchildren grow up to be beautiful adults and you were able to have wonderful memories of them.

You will be missed granny and we all love you so very much.

By the way granny, sorry I always scared you with riding motorcycles, but I told you I wouldn't get hurt. LOL

*Love you,
