“ I would walk in the shop and Mike would appear. A cigarette hanging outta his mouth. He would just look at me. I put a ten dollar bill on the counter and said I got a question. The ten spot would quickly dissappear into Mike's right hand pocket. He provided so much knowledge and could come up with ancient parts to help us guys trying to keep these old boats going. Mike is always going to be remembered by ANYONE who has ever met him. I sincerely appreciate the service and knowledge Mike willingly provided. I will miss him greatly.

“ *I'm not good with words, but I'll try.....
I can't believe I have to write this, damn You Mike!!
(I put that in because I know Mike would appreciate it)
I met Mike and Dolly a few years ago, my wife and I had a couple
great lunches and conversations with them both over the years.
Mike was the most knowledgeable man I have ever met.
I could not have done what I did with Antique Boats without him!!
We would call each other for no reason other than to talk about
nonsense.
You will be sorely missed my friend.

“ *Dolly and Family, my condolences go out to all of you Mike was certainly the kind sharing man that held you all together as one. I will miss him as my mentor in Chrysler marine troubleshooting. He answered the phone no matter when or what day I called always full of advise and knowledge to share. One memory that sticks is driving all night to get an engine to the shop for repairs and sleeping in the parking lot until he opened the next morning. Peace to all of you.*
