“ *It is July 27th 2018, I just now found out about the passing of my best childhood friend in the world. We grew up together, 3 doors down. We were crazy kids, played outside together, swimming, biking, video games, his drum set that he loved so much. He was even my first kiss. Thinking back it seems so weird. I have not spoke to him in over 10 years, I used to see him and his family at his parents house on Riverview whenever we were both visiting our parents at the same time. My mother passed in 2008, the last time I saw him was probably 2007. He was a great guy and I will never forget him. I moved up north 10 years ago. I am so sorry to kust find out now. R.I.P my dear friend. Love always, Ann Winter Webster*

“ *The funniest man I ever knew. You made a mark my life and many others. I think you were the influence in my life that made me want to keep going to the track. We had some good times at MIS. Drove on the track together and did a Chinese fire drill in turn two. We waved the GREEN WHITE CHECKERED at qualifying. Don't forget the mudslide.  
I love you bro and will never forget you.*

“ I had the distinct pleasure of working with Mike for the past decade. During this time, we developed a great relationship, both professionally and personally. Mike had an infectious personality and always brought laughter and smiles to the GTJ Team. Mike will be missed tremendously by the entire GTJ Family. My deepest condolences to the entire Rowley family.

“ Mike was a tireless member of our management team and will be dearly missed. He was always available, day or night, to help me personally and for that I will be forever grateful. My only regret is that I was not able to participate in one of his go cart outings. Rest in peace my friend

“ Mike you will be truly missed. I remember all the good times hanging out with you and Karl and you were always the life of any get together. Always happy, smiling, telling jokes and just fun to be around. I especially remember our "brew day" and what fun we had...I will never forget that day. I am very sad today and will try to eventually replace sadness with the happy memories I have of you.

“ Mike Rowley is truly a good person, I had the pleasure of working with him at InaComp Computers when it was located in Eastpointe. Mike was assigned to work at Volkswagen site and this is where I got to know him better, he was always laughing and joking but still getting the job done. Mike we will miss you and I will especially miss taking two lunches with you.

“ I only had the pleasure of meeting Mike once but what a happy and funny man. He and his wife Gina complemented each other so well. How could I not care for or like these wonderful people as they were a part of my sister-in-laws family. It was a great day of celebrating, enjoying cold beer and being around family. That night my husband chose to continue the celebration with Mike & Gina without me. I knew he was in good hands with his family and friend. God Bless the ones that Mike has left behind. It is truly sad to have a loved one leave this world so soon but knowing we have another angel watching over us is a blessing.
