“ *Bad gene pool, both Richard and Nancy died young. So much potential, should be married and had kids.*

“ *I've never met someone with a bigger heart than Nancy. Her love for her fur babies and the way she cared so deeply for the people that she loved inspired me. For the sixteen years I'd known her she always had something positive to say. And, she always made a point to tell me what a great mom I am. I hope she knows how much that meant to me. Thank you Nancy for always being so kind and loving to Isabella. We love you and will miss you very much. ❤️*

“ I am so very sad Nancy is no longer with us. I knew her very well through the doctor's office she worked at. We shared lots and lots of stories together. I always loved calling her on my way to my appointment to find out if she wanted her special hot chocolate with whipped cream of course or chocolate chip peanut butter cookie for a little afternoon pick up. I don't think I can ever eat one of those cookies again without thinking about my Nancy. I will truly miss her that is for sure. Such a kind soul and I always enjoyed our special talks. May she rest in peace with her mother and father and brother now. ❤️
