

## Nicole Ross

April 6, 2021

Nicole Ross, age 30, passed away April 6, 2021 after a brave battle with cancer. Loving daughter of Bernie and Jackie Ross, dear sister of Chris (Katie) Ross and sweet and caring Godmother and aunt of Emmett. Nicole is also survived by many loving aunts, uncles and cousins. She will also be missed by a great number of friends. Nicole attended Milford High School and graduated in 2008. She went on to become a graduate of Michigan State University in 2012 and was proud to be a Spartan. Everyone who was fortunate enough to have Nicole in their lives will always say how important she was to them. Her personality was magnetic and her smile lit up a room! Beautiful, intelligent, kind and thoughtful are just a hand full of words to describe her. She was incredibly brave and never gave up the health battles. Even when she had her own battles to overcome, she was always there for anyone who needed her. Her positivity was inspirational. She handled whatever life threw her way as just a bump in the road. Travel, music and attending concerts were her favorites. She loved to go places with her friends and family. Although the world lost a special young woman, Heaven has gained a new Angel. Visitation will be at Wasik Funeral Home 49150 Schoenherr Road, in Shelby Twp. on Thursday from 1-8 p.m. Services will be held graveside at Resurrection Cemetery, Clinton Twp. at 12:00 noon on Friday. In the summer a Celebration of Nicole's Life Luncheon will take place. The date will be determined at a later time.

In lieu of flowers, the family requests to plant a tree in Nicole's name and her memory.

Please wear a mask as all Covid procedures are being respected.

“ The news of Nicole passing is beyond heartbreaking. I first met Nicole running cross country together at Milford, she was always so funny and determined. Our paths crossed later after college and we would enjoy bar hopping and live shows together. Such a fun and wonderful human being. My heart goes out to your family during this time, she will be so missed.

“ I am so, so sorry for your loss. Although Nicole and I only knew each other for a short time (we met at work!), we became fast friends through our shared love of live music. I could always count on Nicole to go to a concert with me and we had so many bizarrely good memories. Even though we talked less frequently over the last few years, she was someone with whom I could always pick up where I left off, regardless of how much time had passed. She was the first person to come visit me when I moved to San Francisco and I had so much fun rediscovering my favorite city with her. I wanted to find a picture of us together from that visit and couldn't find one, but honestly, it made complete sense. Whenever we hung out together, it was always way too much fun and we would forget to do things like take pictures together. Nicole will always be someone who shined brightly in my life and I only wish that we had more time together. She will be greatly missed.

“ We're so sorry to hear to hear of Nicole's passing. Remember this trip to Disney World when none of the kids wanted to get too close to Jaffar? She was such a great kid and Bernie would tell us at work what a great young woman she grew into. I know she will be greatly missed by all her family and friends.

“ Nico, it has been the honor of my life being your friend and having the privilege of navigating our lives side-by-side together for the past 10+ years. We went to countless concerts (Broodsgiving, Gaga in NYC, K. Flay, Kishi, Years and Years, etc.), took trips to NYC to visit Joe, and lived our lives to the FULLEST. Yes, there was “life after college” and it was THE BEST.

*When the three of us were together, we were 100% unapologetically ourselves, and I've never felt so loved and supported than I did being with you guys, and I know you felt it, too. It made me so happy seeing you be yourself around us and I'll never forget the sound of your laugh and the smile on your face- or your tone of voice when you had an amazing comeback to something Joe or I said. It still makes me laugh thinking about it.*

*You were the friend we all looked up to and admired. You were always so calm, collected, and confident in everything you did and I hope I can carry that energy with me going forward. You were there for us through all the highs and lows- and our “Little Monsters” group chat was always there with music, work/family/relationship advice, musings, and we could truly rely on you to be there for anything. You were most recently there for me when my Dad passed last fall. I still can't believe that was the last time I saw you... as you were being a good friend and helping me through a devastating time.*

*I'm heartbroken that you're gone way, way too soon. I feel like we were just starting the next chapter- our 30's- and it's so unfair that it's been cut short. Even though you won't be here to experience it with us, you'll be in our hearts in everything we do- every concert, every trip to NYC, every Gaga song, every good thing that happens in our lives, I know you'll be cheering us on from heaven. The impact you've had on me will last forever. I am so proud of all that you accomplished in your life and I couldn't be happier that I got to be a part of it. I love you.*
