

## Olga Wells

September 24, 1916 - November 15, 2010

Olga Helen Wells, age 94, transitioned peacefully at her home among loved ones on November 15, 2010, to join her WWII sweetheart and husband of 40 years, Les Louis Wells, who passed away in 1987. They met when she served in the Civil Air Patrol and as an American Red Cross volunteer. After many years as a computer operator for Chrysler MoPar in Centerline, she retired with her husband to his homeland in South Dakota. She loved art, horseback riding, and being among friends and family. Strong of heart and spirit her entire life, she was an avid supporter of her family and an activist who influenced those around her with her compassion & determination. As an elected official late in life, she initiated the revitalization of her adopted community. She is survived by her son, daughter and extended family who loved her sense of style and will miss her deeply. A celebration of her life will be done in a private ceremony followed with an internment at the Riverview Cemetery in Chamberlain, SD. She valued education and can be honored with donations to the Portage Education Foundation, Portage, Michigan, where her daughter serves as superintendent of schools.
