“ *In loving memory of my dear friend and penpal Patty...we shared a friendship rarely seen today. I already miss receiving her letters....they were always filled with kind words of encouragement and support...she had that uncanny way of lifting my spirits even when she was under the weather herself. The way she expressed her deep love for life and her family was never without wit and always managed to put a smile on my face. Her concern of other's well-being was also endearing.. kind, generous, and giving...I had the sense that she always put others before herself. Once she wrote, "Have I ever told you, that your'e my hero?" AND, "Lol, just quoting from a movie, but you know what I mean." But the admiration was mutual....although our friendship was short-lived, I felt we already had known each other for a lifetime. My thoughts and prayers are with her husband, children, grandson, and family. Thank you for allowing me to know this wonderful woman...a little piece of my soul is missing now. Blessings always, Susan Chatman*

“ *Patty,
You were a mother to me, a loving mother to your sons, and certainly an incredible grandmother. You were a selfless woman with a beautiful heart, and we're mourning our loss. But now you may rest in peace and remain forever in our hearts and memories. There won't be a day that passes that you are not missed. We love you.*
