“ *Its hard to imagine time passing so quickly when I still have such vivid memories of when the Hamlin family moved in behind us. Pat and I attended Miller Elementary, played baseball, climbed trees and wore jeans the summer our pack rebelled against shorts. We burned ants with a magnifying glass, made Peter eat them, and rode plastic skateboards with steel wheels. You were always such a great sport when we drew constellations on your arm freckles. It is with all my heart that I wish you peace. Even though we have not spoken for so long, you will always have a place in my heart filled with childhood memories. Goodbye my friend and may they repeat your name for many generations.*
