

## Paul Jaskulski

November 13, 1955 - March 2, 2016

Paul Jaskulski, age 60, passed away March 2, 2016 with his wife Kathi at his side. A generous and private man, Paul focused his life on taking care of those he loved. He is survived by his three children, Kristen, Jeremy and Stephen, as well as those who held a special place in his heart Anna and Chuck. A lifelong outdoorsman, an avid hunter and fisherman, Paul was most at peace spending a crisp October afternoon in the woods of Grayling, Michigan. Paul led a modest life and most enjoyed a cold brew on the water with his family at his side. He was most proud of seeing his three children earn their college degrees and obtain professional careers in fields for which they each held a true passion. While he will be terribly missed, his loved ones accept he is now in a peaceful place.

“ I had the pleasure of working with Paul when I first started in engineering. My brother Nick and Paul and Kerry Scofield were a close knit bunch of friends. I learned from Paul and then as things sometimes go, my career seemed to come full circle when I did some work for S\*K\*I Design in recent years. I saw Paul a few times and we had some brief conversations. He was a very private man. I am sorry to hear of his passing and hope for peace for his family and friends in his passing and remembering the joy he brought to them over the years. R\*I\*P\* Paul.

“ Dear Kathi, Kristen, Jeremy and Stephen,  
We know this is a difficult time for you. You are in our thoughts and prayers. Dave had never thought that when he wished Paul "Good Luck" on Tuesday, the day before his procedure and passing that it would be the last moment they would be together. It was a shock for Dave to learn of Paul's death on Wednesday. So sad to lose a friend of 41 years and significant business partner. Dave always spoke of Paul as being a truly brilliant and gifted designing engineer and top salesman for many years. Dave had respected his outstanding abilities and intelligence. Know Paul will be missed and remembered. Know that we share in your loss.

*PS...It was a blessing for Dave to be with you on Friday. God be with you all.*

“ To Kathi and her children. My heart aches for you. I am so sorry for the loss of your husband and father. I know Paul struggled with his health daily. He is at peace now. May all the beautiful memories you have of Paul give you peace and comfort. Love, Mary Hanus

“ I was extremely saddened to here about Paul's death. I have known Paul since the 1980's and have deer hunted with him for at least 23 years. I have always looked forward to seeing Paul each fall because he was such a pleasure to be around. The last time we were together on a hunt Paul was not feeling well and had to leave early. I believe that was in the fall of 2013. My memories of Paul will always be cherished and he will be toasted at deer camp every year as long as I am able.

“ Jaskulski Family: I read your father's obit this morning. I never met your husband/dad, however, his obit summed his life up nicely. Private, generous and devoted to his family.

*PIP Mr. Jaskulski.*

*Sincerely, Dave Edwards*

“ I have many memories that I could share of Paul but let's just say even though we drifted apart after high school I still thought of him as my friend. We spent a lot of our younger years together doing many things and I always thought he was our schools version of a James Dean or Steve McQueen type of guy, very cool. The years we hung around together were some of the best years I can remember from school. Starting with Ascension, then Wolcott, then thru Lincoln High School. Seems we both had different paths in life but I see he enjoyed fishing and I only wish we could have enjoyed some time together while fishing and having a beer. My heart ached when I seen you had passed and though we did not see each other, I will miss you.
