“ My husband and I are both deeply saddened to learn of Mr. Gunns passing. I had a booth at the trade center and my husband did a lot of the original construction and booth customization there, including for Mr. Gunn. I spent many hours just listening to his perspective on life and the workings of the world. The world has lost an intelligent, caring and kind man. He will surely be missed.

“ I worked with Chris for many years and we often met for breakfast and Quillian would come along for the conversation. I was writing a book as was Quillian so we had that in common and talked about the latest news about publishing. I have to say, he took on a much larger project by having multiple books covering his technical job. It was a lot of work for him but he finished it. Chris, I am so sorry to hear of his passing.
