“ I remember the days Ralph and myself played on the same MICHIGAN BUSINESS MACHINE hockey team together. He was always a above average player.
We also coached together on the TRO SALES CHAMPION hockey team in Royal Oak.
I haven't seen or heard from Ralph in several years but I always remember him as a great friend and teammate.
MAY HE REST IN PIECE

“ Oh daddyo how I miss you 😭
The memories are countless but in the forefront is our last conversation as we cried together because we knew it was our last. We told each other how much we loved one another. Over the years we would go over our life together. I remember the first time you laced up my skates and set my on the ice rink,oh the hours you spent outside in the cold make that rink 🥰 you taught me how to hit a baseball and throw like a boy not a girl haha which came in handy as I raised my boys. You taught me how to bowl,hold love football. You gave me the confidence to speak my mind which often backfired directly on you..oh the teenage years..haha. We got through it tho and you became my friend. I was so happy you were able to make it out here last year when we lost our Jesse James, having you with us made my broken heart just a little bit better. You always kissed my boobos and made them a little bit better. I miss you daddyo hug my baby and until we see each other afain... 143

“ Thanks for a life-time of wonderful memories from ice skating on our rink in Canada, to practicing for field days in grade school in high jump, always playing sports in our yard, the anticipation of Christmas morning and your early risings, going to dances together when you came home on leave, getting caught with your cigarettes in my purse, you singing "Shaboom", and the best memory when we had breakfast together in February this year. Without these memories it would be too difficult to go on. I'll miss you and Ross forever.
