

Raymond J Tucci

August 8, 1948 - July 27, 2021

Raymond Joseph Tucci, of Chesterfield, passed away Tuesday, July 27, 2021 at the age of 72, surrounded by his family. He was born August 8, 1948 in Detroit, Michigan to the late Sylvio and Rose (Fornari) Tucci.

Ray was a proud veteran of the United States Marine Corp, having served as a radio operator in Vietnam. He retired from Detroit Edison after almost 35 years working in the St Clair Power Plant. He enjoyed sailing, whether he was taking his boat out on Anchor Bay or participating in the Port Huron to Mackinac race. He also loved classic cars! He owned many different hot rods over the years and would work on them in the garage and travel to various car shows.

Ray was also involved in the community. He coached his daughters' basketball teams for many years and more recently volunteered at The Stahls Automotive Foundation where he was able to share his love of cars with the public.

Ray also loved his dogs! He leaves behind Jake and Storm, his faithful companions and protectors. They never left his side, especially when they knew he was sick. He fought a 2 year battle with Pancreatic Cancer, staying strong and positive through the entire journey.

Survived by his children, Maria (Michael) Daigneau and Deana (James) Derocha; his grandchildren, Ava, Elena, Vincent, and Sophia; and his former wife, Angela Tucci. Also survived by his former wife, Laura Tucci; her children, Curissa and Jared; and grandchildren, Madison, Emma, Lucas, Mason, and Harper. He is also survived by his sisters, Elaine (Ron) Berkel and Bernice (John) Smerdon, and many, many friends.

He is preceded in death by his parents and his sisters, Sylvia Tucci and Patricia Schnoblen.

The family suggests those who wish to express sympathy to consider making a donation to the Pancreatic Cancer Action Network or the Vietnam Veterans Association - Chapter 154 in Ray's name.

Visitation for Raymond will be on Friday from 2-8 p.m. at the Wasik Funeral Home, 49150 Schoenherr Rd. (N. of 22 Mile Rd.) Shelby Twp. A funeral service will be on Saturday at 11:00 a.m. at the funeral home. An inurnment at Great Lakes National Cemetery will be at a later date.

“ Ray, my paternal cousin, was as handsome as he was kind, warm, friendly, sincere, caring, and talented. As everyone knows, Ray was an all-round exceptional human being. Unfortunately, I was positioned out of state when Ray passed away, so I missed paying my condolences in person. To all of us who respected, admired, and loved Ray, we mourn our loss. But to Maria and Deana especially, I want you to know I FEEL for you both dearly. I will never forget the deep void I felt in my chest when my own dad passed away nearly 40 years ago. So, until we can meet post-Covid, Deana and Maria, I send you both my heartfelt condolences, positive thoughts for healing, prayers for strength, and all my love. Your cousin, Den

“ Ray was one of the most honorable and kind-hearted people that I have ever met. I had just started working at the Stahl's Museum when it was located in a building in St. Clair Shores. Ray would come with the Easy Rodders to visit the museum. He later became one of the first volunteers at the museum when it moved to its present location. Ray was always there whether you needed help, advice, a kind word or just a good laugh. The world has suffered a great loss with Ray's passing. I hope that a good home will be found for both Jake and Storm, Ray's loyal canine companions.

“ Ray and I worked at Central heat Beacon heating plant many, many years ago, before he moved to the instrument shop. We shared an apartment when I was between marriages. Then he moved to Chesterfield and didn't see him again until I moved there also. We used to bump into each other at church on Sunday. Just a few words of greeting. He was busy and so was I. But I never forgot how he helped me through some tough times. We worked swing shift, different crews. Ray came home to our apartment and saw me as I was leaving for the midnight shift. I saw him put a pot-pie in the oven and said “see you in the morning”. When I got home, there was Ray crashed on the couch and gray smoke hanging in the air of the apartment. I shook him and said “Ray. Your pie's done”. It was a hockey puck. Took a week to clear the air. I remember also one of his cars. A Jaguar XK-E. Beautiful car. But not quite right. It was always in the shop. Parts were hard to find. Somebody gave him a birthday present about that time. A build it yourself scale model of a Jaguar XK-E. With parts missing.

All I really want to say is my time with Ray was well spent. I know that knowing him made my life better. Amen.

“ I met Ray when I attended Nativity grade school and he attended St Margaret Mary grade school. Our group of friends would go ice skating at Chandler Park. We would go to basketball games and football games. Our friendship from those days was carried thru to most of our lives. I checked on him often during the last two years and this guy never gave up. He fought the fight with everything he had. He always had such nice things to say about the people who helped him the most. I am going to miss my lifelong friend and all the talks we had. Until we meet again

“ Ray was a great neighbor, friend & sailor. We became neighbors 36 years ago, enjoyed raising our families and outings together with Angie. He invited me to crew on his sailboat while mentoring me in developing my sailing skills. He was always the kind of guy you could count on if you needed anything. Early in his cancer battle I called him to catch up and wanted to meet for lunch. Sadly with Covid-19 and recently him not feeling up to it we never got together. Ironically I ran into Ray & Angie at Nino's just last week as he was coming from a Doctors appt. and Angie was trying to get him something he might be able to eat. I look back now and realize it was fate that we had that one last brief encounter. God bless you, RIP. God bless Angie who did a lot for Ray, Maria, Deanna and all the extended family.

“ *I first met Ray when I was assigned to a project in 1973 at the Beacon Heating Plant (Detroit Edison). He was working in the instrument shop and assisting us on the oil conversion project. We always started the day in the instrument shop having coffee and telling jokes about things that happen during the day. We stayed in touch all these years until I retired in 2001. Ray and I were both members of the Marine Corp League and would always get together at the Marine Corp's birthday party telling stories and reminiscing about the good ole day's, Ray will be greatly missed.*

“ *Ray and I met when we both started volunteer work at Stahl's Auto Museum almost 11 years ago. We walked in together that first day and became friends quickly. We worked together quite often on a lot of projects, and Ray was a very knowledgeable/capable person with tools and vehicles. More importantly, he was a leader with the Stahl's staff, volunteers and the visitors. He was ready to help others whether it was museum-related or otherwise. During the recent COVID season, I lost track of Ray's battle with cancer. I miss him already. Ray, thank you for your service to our country, and may the Lord give you peace. Fred Rindhage*
