“ First, my condolences to the family. I'm so sorry for your loss. I'm SOOOO devastated, I just learned today of Regina's passing. She was my nurse for 8yrs. with Dr. Kerges. When she didn't come and get me I thought she had retired and when I asked the other nurse she told me she had passed. I was in tears like I am now. She was the best. I could actually hear her voice in the room with me, "Saying take care of yourself Sherrol". I will truly miss her and her infectious smile. She loved her family and grandbabies. Rest well my friend.

“ I am devastated and sorry for your loss. Regina was truly a shining light in my day for those many years we worked together. She was my medical assistant at Beaumont grosse pointe family physicians. I knew her to be dedicated,hard working, family loving, and so much more. I can see her face smiling even as I write this and try to put into words what is so hard to believe. Regina had deep honest values, she treated my patients with such care and commitment. They trusted her and opened up to her in a way that is rarely seen in our lives any more.. She certainly made my day much easier; and she taught me a lot as well. Her strength, her love of her family and the grand babies and so much more. And of Holly. Sadly I could not say goodbye in person and had not seen her in a couple of years; this life can be so cruel at times until we remember the love and memories we are so blessed to have. Especially Regina. I pray her soul is at peace and that God will give you all patience in these very difficult times. I know she is looking down and singing in your hearts. We will meet again.
My sincere condolences to her family and loved ones
