“ You always described your mom as being full of energy, spunky and a wonderful woman.

Your description of her always made me laugh and I will never forget the smile it brought to your face.

What beautiful memories you have of your mom. I know you will miss her everyday.

I am truly sorry for your loss.

“ Please accept our condolences. So sad, so many memories. I remember when I first came to this country and I was going through some hard times by myself, you and your family took me in as a friend. I had no one to spend Christmas with and you treated me like one of the family. It didn't end there as I spent many good times with your family. I thank you for that!!! Bless you all!
