“ My most heartfelt condolences to the family of Bob. I worked with Bob at the Ford Sterling Plant, I met him in 1973 when I started. A man with a great work ethic, well respected by his peers. An excellent welder operator, jobsetter and flawless welder. Many jobsetters and welders were taught by Bob and were better for it because of Bob. As an engineer Bob worked with me on numerous new model projects with much success because of Bob's skills. I am saddened by this news but I am proud to have worked with and have known Bob. May Bob's soul and the souls of all the faithful departed rest in Peace. Amen. Dan Jendza retired Ford Engineering, Sterling Plant.
