“ *Bobby, I think about you all the time. I saw a picture of you yesterday when we were all at American Pie just about a week before you left us, you were smiling one of your big smiles. That was an interesting day, we were all sitting there wondering if a fight was going to break out because Chris was with Amy when she should have been with Mike. Geez, what a day that was. I love you again and always. Bambi*

“ Hi Bobby, I promise there isn't a day that goes by that I don't think about you. God I loved you, still do, and always will. I wish I knew what you were going through during your troubled times. I want to ask you a favor, can you keep an eye on Billy for a while and let him know you are with him? He needs someone right now and you were such a great friend to him.

Hugs and Kisses My Good Son.

Love,

“ Hello "My Good Son". I have been thinking about you a lot the past couple of days. I think about you all the time but the past couple were different. I still have the last rose you gave me on mothers day four years ago. I am so glad you started coming back around before you went on to be with Jesus and happy that we were able to patch things up. I know you are in Heaven taking care of my grandson Stryker and watching down on Billy and Linz and Kaleb, isn't he a wonderful little guy? I see your mom on facebook and pictures of you when you were young, what a cutie but I already knew that since you were a cutie in junior high when you and Billy became friends. I love you Bobby and will always remember you and how much you loved me and my family. Goodbye again "My Good Son".##imported-begin##Bambi Hartter##imported-end##

“ Mine and Bobby's Friendship was on and off! I'll never forget the times we spent together talking about the craziest things. He loved his girlfriends and family so much. We would talk about his tatoo and many other things. It's hard to believe that you are gone bobby even though i know you are in a better place. It was so hard to see you lying there and just looking at you thinking you are gonna wake up even though I knew you weren't. Life hasn't been the same and I cannot stand it. I will try and help take care of everyone we knew and hopefully when I come up there with you bobby you will be there to greet me and show me around. You are forever loved and missed Robert Wells Hill and I know you are watching over all of us. You always cared for others and that's what we all loved about you most how much you cared. I tried to show the same courtesy but I didn't try hard enough I guess. Anyways R.I.P Bobby, I LOVE AND MISS YOU DEARLY!!!!##imported-begin##Sam##imported-end##

“ I knew bobby since high school. We were friends then after we both had graduated we started talking again then eventually we got together. I loved bobby with all my heart. He meant a lot to me. I was there to help him but he just never wanted the help and was afraid to admit that he was struggling and had problems. He never knew how to tell me how much he needed me there. I was there but he would never let me in. He just never wanted to hurt me in any way. So for awhile he never told me he had a drug problem. But I felt like I was there for a reason, to help him get through it. I tried my hardest. But some things you cant help if they dont want it. I just wish he wanted it. He had called me on friday and he said he would call me back. But he never did. And I dont know why he didnt. Then as I tried calling back I couldnt for some reason. So I sat there all day waiting for him to call. Then I get a call from tom then next day saying bobby is missing. And from then I just felt this wierd feeling that Ive never felt before. I just want to say that I miss him with all my heart. And I will never forget him. He touched my life. Showed me things in life and how to experience them. I love you bobby. I know your in a better place. But it shouldnt have been you to go. You still had so much potential for life. Wanted to start your own business. See your nieces and nephews. They all love you and miss you bobby. Everyone misses you so much. I will see you again someday. I love you forever and ever baby.

“ My family and I extend our sincere condolences to the entire Hills
family. We can appreciate that the loss of a loved one can cause
feelings of helplessness and emptiness, but our Heavenly Father
strengthens us with the promise that he will resurrect those who
have fallen asleep in death and even "swallow up death forever".
(John 5:28,29; Psalms 37:11,29,34; Isaiah 25:8) May this precious
hope that awaits us and the love and support of family and friends
bring you a measure of comfort in this difficult time. Bethanie

“ I was a friend of Bobby's. I refer to Bobby as my little brother. He and my baby sister Carly were together for years and years. Bobby was great to my family and my children LOVED him too. We had a lot of laughs and a lot of serious talks. I wish things were different, I wish they didn't have to be this way. Bobby is such a smart boy and he has such a great heart, anyone who was in his life knew this about him. Raising children is hard to do, I have two of my own and believe me when I say it scares me to know that things like this really do happen. I hope that a great lesson is learned and these young people will see that drugs not only mess up your life, but they can end your life as well. He was ashamed of himself. Afraid to admit his problems for fear that people would judge him... Judging him was something I never did. I just was there to listen whenever he needed me. I told Bobby I would always be on stand by for him if he ever needed to talk about it... If he ever felt the urge, I would help him through it.... I just wish he would have called that night.

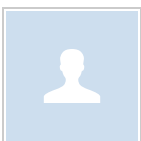

I am so sorry for this great lose. No parent should ever have to bury their own child. Bobby was much to young to leave us. He will be missed everyday and I will carry him in my heart forever! We love you Bobby##imported-begin##Ireta Smart##imported-end##

“ I enjoyed having Bobby in my life. When he and Billy were growing up together they were inseperable for many years. In the past three years there wasn't a Holiday that went by that he would not call and wish me a Happy Holiday and for Mothers Day he brought me a rose. I teased Bobby and Billy and called Bobby "my good son". I tried the best I could (or at least I thought I did) these past couple of years to help him, but I guess I couldn't. Bobby was not just a part of mine and Billy's life, our whole family enjoyed having him around even up to just two weeks ago playing baseball, basketball, or just hanging around and showing him that you didn't need drugs or alcohol to have fun. So for now "my good son" I have to say good-bye and I love you and I know one day we will see each other again, I will be the one with the plate of cookies while looking for you and my rose. I remember in the past several months you kept telling me you wanted to go to Church with me, I am sorry we never made it there together, but now you are face to face with God and that "my good son" is so much better. I love you Bobby. Now you are safe and at peace. You will always be in my heart.

I love you,
