“ I have many fond memories of summer's with Ron on Russell Island. Boating, swimming, getting in and out of trouble. We had a lot of fun together. Later he became my insurance guy, so we would get together often. I always enjoyed being with Ronnie. He will be missed!! Love the "Turk"

“ Ron had a great heart and was a wonderful friend. We had many, many great times together. Ron always told me that when he got to Heaven that he would look up Curly from the 3 Stooges! I'm sorry you are gone but I hope you got your wish. Rest in peace.

“ My heart is so sad that my brother will not be with us anymore. Ron was more than a brother to me, he was my friend too! Even though it had been a few years since I had last seen him, I did talk with him every few months and we always had some wonderful conversations. I will always remember the great times we had growing up on Russell Island together, especially during our teenage years. Then as young adults we would hang out at the bars together always with a group of friends just having a great time! We would get home around 3:00 am and sit in the kitchen making sandwiches, trying to be quiet so we didn't wake up Mom and Dad, of course, we had been drinking and so we ended up laughing about something, the dogs would start barking and Dad would get up and well, let's just say he wasn't too happy!! I will miss you everyday of my life, Ron, until I meet with you again. I know that you are now at peace and without pain and for that I am happy. You will always hold a very special place in my heart and I will love you forever. RIP baby brother - enjoy your time with Dad in heaven!!

This is the closest I can get to being at the island. I think everyone relaxed out there and always had a great time. My last and one of my favorite times with you was the last time we went to the island and you were there to bring everyone in on the cart, to talk, to make sure mom and all of us were ok and just enjoy being with each other. I love you. Love to you and all the family. Until we meet again. Rest, enjoy your new freedom and be happy!

“ *many stream through my mind. smoking cigs as kids, burning up his winter coat, rain on the roof, burning down a corner of my garage, me falling through a canal in algonac playing hockey and Ron and Paul Sloan having to drive me back to detroit in pauls car with no heat, tricycles, picking apples at the capons, there is MANY. he will forever be in my heart.*

“ Even as adults he would always say to me "remember the summer of '76" because we were outnumbered by teenage girls by 2:1 that year. Then he bought his own fiberglass boat something called a Shell Lake and of course he put an eight track player in it and cruised down the canal with Boston at full volume. Fun times and great memories...

Physical Graffiti. Heard it for the first time with Ron. Initially I dismissed it. How could they live up to their first albums. Ron insisted it was better. He was right, it soon became my favorite zeppelin album ever since. Thank you Ron!!
