“ Grandpa I know you are with all your loved ones in heaven watching over us. You were a big part of my life. You taught me to find the good in everyone. You always said if you are going to do something do it to the best of your ability and be proud. You always wanted to take care of everyone else and set your needs aside. You always had a smile on your face and loved to laugh. I'm so thankful I got to be by your side through your horrible battle just like you were by my side through my battle. I will forever miss your waves goodbye as I pull away, the cute way you said bye on the phone and the loving hugs you gave. Family was so important to you and you are so important to us. I have been going to your house each day sitting in your recliner crying cause I need you back. I will miss our trips together downtown, our long conversations and coming to you for advice. I will miss you the rest of my days on earth. Till we meet again papa cause I know you will lead the path for me when the time comes. I love you so much.

*A blue candle in your honor after a blue moon came up on a calm blue Lake Huron in Port Sanilac tonight. Its rays shimmered on the water as if to say memories of you will always glow in the minds and hearts of those that were near & dear. EACH memory serves as a reminder to live in the moment, enjoy life and each other to the fullest while on earth. May you Rest in Peace - Mr. Crick, then go jump in the Angel's conga line! Sent with respect for you and deep sympathy for your loving family, Karen Provance*
