“ Our group visits the American House on 19 Mile Road the last Saturday of every month. We always enjoyed visiting with Rosemary (though its been a few years since we last saw her). She enjoyed singing the hymns and always seem to appreciate our short message of encouragement from the Bible. We tried to find where she had moved to, but because of privacy, we were unable to find her. We remember her cheerfulness, joy and love for the Lord. We send you, her family, our deepest sympathies. May God comfort you and give you His peace during this time and always.
