Sharon Kash Martin, 80, passed away on March 2, 2026.

Sharon lived her life with strength, independence, and determination. She carried herself with a resilient spirit shaped by the experiences of her early life, and those who knew her understood both her toughness and her depth.

She had a love for beauty and art, especially the paintings of Vincent van Gogh. Music, conversation, and quiet moments of reflection were things she appreciated throughout her life. In her final weeks, Sharon showed remarkable courage as she faced her illness. Her daughter was by her side during her last days, sharing moments of tenderness and love.

Sharon is survived by her daughters, her sister, extended family, and friends who will remember her strength, spirit, and individuality.

A private burial will take place near her home. A celebration of Sharon's life will be held at a later date.
