“ *My BIG Brother*

Steve will always be my big brother, my mentor and my protector.

From digging foxholes in the backyard and throwing dirt balls at each other to snowballs in the winter.

Made me appreciate the little things in life and the importance of family.

*He taught me how to work on cars and drive the “right way”.
Steve bought me my first hot rod. Just so I could unofficially be in his CUDA club.*

Sundays were football.

Music was eclectic.

Never put boiling water in metal cups to dye Easter eggs

No pregnant guppies

How to hide an injured animal in the garage.

The list could go on for years. He touched so many lives in his short life.

Not a man of many words but with every grunt and one sentence answer you would know exactly what he meant.

All it took was a phone call and he was already in route to handle the situation no matter what or when.

See you in the afterlife.
