“ To the family:  
I am so sorry to hear about your loss. Mrs. Patrick was an amazing teacher at EDHS and she will truly be missed. She was by far a favorite math teacher of mine. She touched every one of us who took her classes and we all learned a lot from her. I will keep you all in my prayers.

“ Mrs. Patrick is one of those teachers, that steps into your life and leaves a mark. I wouldn't describe her any other way. Mrs. Patrick always loved teaching her students... she always had a smile on her face and taught with enthusiasm. She gave advice, especially after school, when I helped her as a student aide. She was always there when you needed someone to talk to. She was always so full of life. I will always remember Mrs. Patrick for the quadratic formula....she was right there with me when I sang it in my head to pass my engineering exam for licensure. She will be loved and missed by many.##imported-begin##Crystal Sapp- EDHS Class of 2002##imported-end##

“ Mrs. Patrick was my math teacher for 2 years and one of my advisors for NHS. She was a caring teacher in and outside the classroom. Since graduation, I always made it a point to see her when I visited EDHS. She was always concerned with my college studies, my life, and my family and friends. I was quite saddened by the news, and I wish her family all the best. Know that she made an impact on many students' lives, and she will long be remembered.##imported-begin##Christopher Joseph, EDHS class of 2002##imported-end##

“ I will forever remember the expereinces that i had as a student in Mrs. Patricks class. She was definatly not a teacher that would let us skate by....she would push us to the limits making sure we all met our fullest potential. In fact she is actually what caused me to rethink what my potential was. She believed in everyone of her students. Thanks for all you did for me Mrs. Patrick.... I know you'll keep looking over all of your students, family and friends.##imported-begin##Sarah Anderson##imported-end##

“ Mrs. Patrick is and will always be one of the most influential people in my life, and the single reason I am pursuing a future in Mathematics. Having her for three years, though two classes and a student aid, had me spending a lot time getting to know her, and hearing quite a few of her stories of childhood and whatnot. Most students didn't really get the privilege to hear many of her stories, but let me tell you she loved to tell them. It was an absolute blessing that I met her, and my visits back to ED will never be the same without her there. I do not know where I would be today, or what my ambitions for the future would be if I did not meet Mrs. Susanne Patrick. And to her family - you are all in my prayers, and I wish you the greatest of strength through your hard time. She was my teacher, my mentor, but most importantly she was my friend, a true gift from above, and she will be extremely missed. God Bless.##imported-begin##Joshua Testasecca (EDHS Class of 2006)##imported-end##

“ Susanne I sure will miss your sweet smiling face at school each day and the way we would sit and talk each day at lunch time. We would try to support each other in our goals in life and how we were going to change the world to a better place. Well Susanne, you changed my life and I will always be thankful for the times we shared together.

“ Mrs. Patrick was my math teacher for two years and I loved going to her class. When I was in a bad mood she would always crack soem type of joke just to make me smile. She would tell us these stories about her when she was in college and all you could do was laugh. When she was out of the classroom for a long period of time you knew something must of been wrong. Last year when she left for the year I knew it was serious and I knew she would be back, but on the first day of school when I didn't see her, I was upset and concerned about her. When a friend told me what happened I didn'e believe her I said "No not the Mrs. Patrick I know." but it was true. I'm definately said that I could not say goodbye but she will always be here telling me how to get through my math homework. My deepest thoughts and prayers goes out to her family. Your all she ever talked about.##imported-begin##Becca Harms ##imported-end##

“ It was a privilege to work with Susanne in the math department. She always had a smile for everyone, even when she may not have felt well herself. She enjoyed the good-natured banter with certain other teachers, and I enjoyed listening to it. Her kindness and concern for her students and her friends was evident in all that she did. We are all filled with sadness today.##imported-begin##Sonja Bennett##imported-end##

“ So there we were, Department Leaders, stressed to the max and always having something else added. We could always count on banter between Domin and Suzanne, usually regarding who was older. Occasionally, I got in the line of fire. It was all fun and it kept a sense of humor when times were tough. When Suzanne quit as Department Leader, she often asked us, "Do I look taller?" referring to the burden that had been lifted from her. The worst burden of all has now been lifted from her. I wish it could have ended differently. The memory of her will always be right down the hall from me.##imported-begin##Lorann Jesuale##imported-end##

“ Mrs. Patrick had a glow about her and positivity that will be sorely missed. She made an impact on my children so profound they will remember her not only as a wonderful teacher, but as a wonderful person long into their lives as time goes by.

She ALWAYS had something nice to say and that was so refreshing. Every student that I have known at East Detroit High School loved Mrs. Patrick and when they were choosing classes for the following year they would try to figure out exactly which classes would be hers in the hopes of having her as their teacher. She had a passion that just pulled students toward her.

We will have a great void without her smile, passion and love of life.

Our family's prayers and sympathy are with you.

May she walk with God.##imported-begin##Melody Wynn, Cassie & TJ Wieckhorst##imported-end##

*She left us much too soon.*

*I am so grateful for all she taught me, and all I that I learned from her. May her spirit always brighten the halls at East Detroit High School and I hope that she knows how life there will never be the same.
