“ Terry will always be on my mind playing golf. I use a bag he gave me and I bought my driver from him, so i guess he is always with me on the golf course.

“ I always enjoyed my conversations with Terry and also enjoyed being in a foursome with him. Always positive and supportive. I also enjoyed our conversations about the military. I believe it was a nephew that was in the Army and Terry would share those exploits and I would share mine and we had many enjoyable conversations. RIP buddy. Gerry Lee

“ Always enjoyed being around Terry, whether on the golf course or socially. Terry would do just about anything to help people but never asked anything in return. He will be missed.

I'll miss playing golf with Terry. He enjoyed wearing his CMU hat and talking about his nephews and nieces. Whenever he found a colored ball on the course he would send them home with me for Nancy. She would send a few home made cookies back.

I worked with Terry at Fisher Body plant 21 and played golf with him on plant league and on the weekends out around Union Lake. Had some great times. I have no idea how I ended up on this site but glad I did
