“ *Trini was one of those people who touched every soul she met with kindness & goodwill, helping to ease their journey into new situations or frightening experiences. Kerrie you definitely had one of the most wonderful roll modeling mothers in this world! She was the first to go beyond the normal greeting when I walked into Van Dyke church. Lol, she didn't just greet me, she dragged me along with her into the worship area, plunked me down next to her & unknowingly made an eternal friend!!! She came to the hospital almost every night when I had my back surgery, 3 long weeks & not at the same Beaumont where she worked, and tucked me into bed...I didn't have the heart to tell her that I went to bed about 11 or 12, not 9... :-)*

There are so many memories of her, birthday parties, VBS, church functions, Joanna's visits many Sundays, all the love, laughter & tears...

I will cherish all the memories we made...she will be missed & if you need me, let me know.

Know that she is with her Lord...there is no other place she could be! :-)

“ I will always remember when we first moved in to our home. Trini came over with a big casserole dish of the best spring rolls I had ever eaten. There were so many in the dish I was eating them for a week. But not a bad thing. She sat for a bit and filled me in on the neighbors she knew and the ones she didn't know anything about. It was a nice visit and the beginning of a 35 year friendship. There are still a few neighbors that have been here as long as we have. Our kids were around the same age and that was great because even now they have stayed friends. Trini and I worked all the time. We would wave as we went by in the car or through the door as one of us was going to work. But we always remained friends. Her smile alone was enough to make your day. She never said a bad word about anyone and always looked to the positive. I am sad that she is gone but relieved that she is not suffering anymore. She fought the long fight and now she can spend time with Timmy and all those that have left before her. We will meet again and I know Trini will be there with her big smile and a big hug. We love you.

Kerri, we share yours and your family's sadness as we remember Trini, "Babie Gica" to us her classmates of Class '68-School of Nursing. We were a family of 50 + in the dormitory for 3 years. Glad to have shared with her trials, fun and laughter as students back then. She will be missed.

I am a classmate of Trini in our college years. I will never forget the time when Trini went to my parent's house to cheer up my dad. That time Trini was working with my older sister in a hospital in the Philippines. She disguised as visiting my older sister but with the intention of cheering up my depressed dad (my mom died a year earlier). In front of my dad she danced the hula, complete with the hula costume with music. I was really impressed cause in our college years we lived like family in the dormitory for 3 years and never saw that talent. It was wonderful to see my dad so entertained and tickled pink with Trini's hula dancing and my family was so grateful to her. Trini,when you see my dad in heaven please say Hi to him for me. Trini, thank you for the beautiful memories!
