“ *It is with much sadness that we came to learn about the demise of Dr Walter Haduck.*

Many years ago, as a young physician starting a clinical practice in the Pontiac area - I received a referral from Dr Walter Haduck. (the one of many) I saw the patient, then told the patient that I would call his doctor on Tuesday - since the Memorial day was upcoming. The patient, unbeknownst to me, had contacted Dr Walter Haduck the same day!

I was surprised to get a phone call from Dr Haduck on Memorial Day - who proceeded to discuss the case with me, thanked me for my service and insisted that I call him anytime, anywhere re his patients.

He was available 24/7 and did so with much affability and charm.

The number of doctors truly dedicated to their patients and practices are rapidly dwindling. Dr Haduck ranked high-up as one of them. He was always gracious, well informed and knew his patients well. He demonstrated excellent clinical maturity and displayed a sense of humor.

This is loss for all of us and to the Greater Pontiac Clinical community.

*Our heartfelt condolences to the family.
We shall miss him greatly.*

R.I.P, Dr Haduck,
