“ *"Absent in body....present with the Lord." I've known Wanda since 4660 opened. She did my orientation and has helped me with a couple LOA's I had to take for Medical. She was always quick to call my house and let me know if I had missed a punch and to tell me she was correcting it for me. I will miss her once or twice meetings with us midnight people. She will be sorely missed*

“ Your presence will be missed amongst your dear ones, but your memory and the influence you had on all of us will live forever. You had a special way to connect with people, especially those you loved. Your great-nephew is "mad at Jesus because he took you away". I tried to explain to him that he only takes special Angels along his side, because he thought you had done your job here on earth. I will miss seeing you but I will always carry your memory with me.

Wanda did my orientation. My first day was October 19, 2002. Since that day we became very good friends. She helped me get thru some rough personal times as well as trained me to be a personnel manager. We were like Colonel Potter and Radar. We knew we could not only count on each other but trust each other.

A personal memory I would like to share with you. During the time Wanda and I worked together in Personnel we had a task to handle and at the end of this task I said to Wanda, I think that's deserving of a gold star. Later in the day she put a sticky gold star on my badge as we joked about it. Eventually I took that star off and put it on a magnifying mirror in my bathroom. That star is still there today. She was always a bright light at the end of the tunnel and did her job with grace, and empathy when necessary. She taught me how to be a better listener.

I will miss her dearly. I am thinking of all her family and friends as they celebrate Wanda's remarkable life and all the memories we have shared. My heart goes out to you during this difficult time.

“ I had the pleasure of opening 4660 with Wanda as my personnel manager.....she touched so many lives and could tell she was loved by everyone. Another example of "one that was taken way too soon". She will always be remembered in everyone's heart both inside and outside of the store. Her chair should remain in that office in remembrance! RIP Wanda!

Sometimes you notice that GOD reclaims, precociously, the most special people, leaving a huge void to those whose heart is pierced by their loss. It is tragic to lose the very own guardian angel, with whom you have shared the most. Even more tragic however, is not to let these bright angels to fly in a lovely dimension, where only GOD with so much love, allows them to experiment. Alphonse & Rosa Di Cicco

There was never a day when Wanda was too busy to listen. Always there to help anyone who needed her. Proud to have known her these past 7 years. I will miss her teasing and joking. But most of all I will miss her smile in that window.
