“ I first met Bill in 1953 as a freshman student at the General motors Institute Cafeteria where we shared our dislike of their food. We later shared many evening meals with student friends at various restaurants in the Flint area. He introduced me to the smoking of cigars and we often took our lady friends to the Saturday night Square dances in Centerline Michigan. In 1957 Bill graduated and started his career at Pontiac Motors after I flunked out, moved to work in Cleveland Ohio and we lost touch with each other.

When I returned to Michigan and finally Graduated from Wayne State in 1968 , we regained our friendship, socialized a little and worked together on some car projects.

Sometime in 1975 Bill became a Department Supervisor at the Pontiac Axle plant and I moved to be a Design Engineer for a company in Sandusky, Ohio. During succeeding years until 2021 Bill and I and many of my Ohio car-friends shared our life stories while driving to swap meets, car shows, car museums and auctions. We especially enjoyed sharing Bills unique storytelling style, life experiences and personal political perspectives. His U.S. and foreign Pontiac shop and drag racing stories, and his Pontiac car knowledge were especially fascinating.

Bill was a great person and one of my most valued friends. He will be remembered as a true patriot and I will sincerely miss him.

Long time friend of Bill Jahn,
Forrest Airhart
