“ I will forever remember the countless times me and my dad would work on our toys outside of our house in the driveway, jetski, four wheeler, car etc. and although my dad the handyman he is, he didn't always know everything he was doing. But bill was never hesitant to lend a helping hand, and I will never forget those moments spent with him. Bill will always hold a special place in my family's heart.

Korbin, my dad truly loved you and your family! And he really got a kick out of being able to come over and help you and your dad.

Bill was the best! I worked with him at Ferro and JCI and he taught me to be a design engineering. And what a "crayon drawing" was! Bill set a young engineer on the path. I'll never forget him.

“ *Bill was a work colleague of mine when we worked together at JCI back in 2004. Through that experience we became good friends. I can honestly say he was the true definition of being a friend in work and life. May he RIP now... I know our Lord will have a special place for him in Heaven*

Bill and I worked together at JCI and at Dymos. Bill was a leader with employees and customers.

It was a pleasure to see his accomplishments from an engineering perspective and team building. Bill was a determined engineer and even through difficult design issues, Bill provided confidence. The Chrysler Sebring integrated seat was a success is due to Bill's efforts.

It was Bill who helped me join the Korean team, and his support will always be remembered.

Prayers and blessings to Bill and his family.

My heartfelt condolences to Bill's family for their loss.

I worked with Bill at Dymos for more than 4 years. He was a true leader and good communicator. I had learned everything to run Detroit Technical Center and he was a great friend and mentor for me.

I have missed him a lot since I came back to Korea.

Goodbye Bill and may you have peace in Heaven.

Thank you all for the kind words about my dad. I do actually have fond memories of most of you at some point or another. Dad was very proud of his work and the people he worked with. Thank you for coming and/or sharing stories and memories with us.
